All about the Card Connections you share

Look at each connection as a link that connects each person to some part of themselves that they want to look at, develop or explore in some way. The partners in this relationship are mirrors to each other and the connections describe what they see.

This report uses the most advanced techniques available to give some real insight into the inner workings of this association. Using the ancient system, now known as the Book of Destiny, it determines the energy 'connections' that reflect exactly how these two people interact. These connections are essentially described as planetary energies, for example Mars or Venus. Some connections are harmonious, while others create certain kinds of friction or stress between you. All of the connections between these two serve an important purpose and contribute to the experience that they share. Keep in mind that most connections have a higher expression and a lower one. The affirmations given for each connection indicate how to access the highest expression of it.

The connections are listed in the order of their importance. The first connection is the most important and the second is the next important, etc. But even the last connection in this relationship probably manifests itself at times. Therefore, regard all of them as having some important information for you.

One thing to pay attention to is whether or not the two people in this association have more than one of a certain kind of connection between them. For example, they may have a total of two or three Mars connections between them. When this is the case, it is wise to study these connections carefully, realizing that this probably indicates some of the most important reasons that these two ended up together in whatever capacity they are. It will also indicate a predominant pattern of interaction which could be the real meat of the relationship.

Finally, it should be stated here that there are no bad connections. If we are in a relationship with someone, regardless of the reasons, there are important reasons for this. The descriptions of the connections in this report can help you understand these two have made the choice to be together, which can in turn help them understand their individual personalities and needs better. Of course, some connections indicate stress and challenge, but this is because we often use relationships as the vehicle through which we resolve our own inner conflicts. If the desire to work together is there, there are many good things for each of the two to gain from being together.

The First Connection Between You

New

No

The first connection is always considered the most important of all and, in most cases, will represent the dominant pattern that exists in this relationship. Study the connection described below carefully, as it may reveal some hidden opportunities for this relationship.

New and No are Saturn to each other

Location: Life Spread

This is a very rare connection, found in less than 1% of the population. In addition, this connection is a mutual connection where both New and No give and receive Saturn energy. Because of the uniqueness of this connection, we know that New and No were in a very interesting and unique situation to have ended up working together. Saturn is a planet that can bring us some of the highest rewards that life has to offer - popularity, good reputation, a role to play that fits us perfectly, and eventual high success in our chosen occupation. Saturn is the most constructive of the connections that exists. Because New and No have somehow ended up together, it's as if they are asking for more of these rewards to manifest in their lives. But Saturn is also the teacher and stern disciplinarian. Whether they like it or not, and whether they realize it or not, this association could be one of their greatest teachers. Each of them has lessons to learn by being together and lessons to teach the other. And there will be this mutual exchange throughout their time spent together.

Saturn lessons have a reputation for being difficult, but that is only the case when we are being unconscious about what we are doing, or trying to shirk our responsibilities. Wisdom teaches us that all things come to us through patience and discipline - two of Saturn's keywords. Just in being together, New and No will be learning much about patience, self-discipline, responsibility, effective communications, and what it takes to become more successful in the eyes of the world. The net result of being together will be more awareness of these qualities and the development of these qualities in each of them. This could be a very constructive relationship that propels them both ahead much farther in terms of their careers or roles in the world.

However, if either New or No harbors some weakness in one or more of these areas, and they haven't yet resolved it for themselves, this relationship could end up being like pouring salt on an old wound. With so much Saturn energy between them, it is certain that they will have a high awareness of how they are doing in terms of their success, as well as being keenly aware of the

The First Connection Between You

New

No

things within them that are holding back their success. If, for example, No had some doubts about his abilities, then being with New would only serve to remind his of that, or vice versa. No may not have ever even noticed that he had so many self-doubts before, and all of a sudden, that is all that he thinks about after associating with New. He could even believe that New is somehow responsible for his self-doubt and begin to blame her. Even though it is actually his self-doubt, it may appear to his that New caused it. This example illustrates how easily a relationship with strong Saturn energy could turn into a negative situation. New and No must have a lot of self-awareness to handle this sort of connection because Saturn will not stand for any illusions to be present in the association.

This connection can take away from the friendship aspects of any pair and divert most of the energy into constructive and practical matters. This would especially be true if this connection is one of the first three found between them. But regardless of where it is found, this connection guarantees that New and No will learn a lot by being together. Regardless of how each of them handles this energy, they will ultimately benefit from having been together.

Affirmation for New: I understand that No and I have a powerful effect on each other and can each see the other's faults and shortcomings. With that in mind, I share my suggestions with his with compassion and understanding. Likewise, I realize that his suggestions for me are only meant to better my life.

Affirmation for No: I realize that I chose this relationship with New to help me grow in important areas of my life. With that in mind, I accept her suggestions so that I may learn and make progress in becoming a successful and happy person. I also am able to be New's teacher and share my suggestions for her with awareness and compassion.

The Second Connection Between You

New

No

Connections beyond the first decrease in strength and significance. Therefore, the second will be the next in importance, the third connection next, etc. But each new connection is slightly less significant than the one before it. Keep this in mind as you read the meanings.

New and No are Venus to each other

Location: Spiritual Spread

This is one of the truly blessed connections in terms of the compatibility of two people. People who have this connection often feel a sense of recognition when they first meet, a sense of familiarity, even though they have never known each other before. This unexplainable sense tends to further enhance their compatibility. They could easily become good friends. But the most important thing is that this connection basically gives a big plus to their working relationship or association.

New and No may or may not have anything in common. But they will like each other just the same. Strangely enough, people with this connection usually trust each other for no particular reason. It is probably the most compatibility enhancing connection two people can have. What will this do in a business or professional situation? It will give ease to both New and No when they work together. It will cause them both to want to be friendly and helpful to each other. It will cause them both to make an effort to understand each other. It will make them both more tolerant of each other's differences. And it will cause a sense of trust with each other that cannot be explained.

Now there may be other connections between New and No which contradict the previous interpretation of this connection. For example, there may be Mars, Saturn or Pluto connections which can cause friction or disharmony between them. However, this connection will help mitigate all of those contrary forces. It will not completely eliminate them by any means. But it will provide a pathway of compatibility that will always be available to both of them, one that they can follow to navigate any stormy situations that arise. If this connection is one of the first three, you can practically guarantee that these two will really get along.

One other benefit of this connection is that it tends to enhance these two's ability to make money together. To whatever extent they work together, their incomes are enhanced. When working together or being involved in business deals, they will always tend to much better than they would alone. When they

New

No

realize this through their direct experience, they will probably be drawn to work together or do deals together more often.

So, in a working situation, this is a great connection. Use it as much as you can.

Affirmation for New: I am grateful for the opportunity to associate with No. I seem to get along with him very easily and we always seem to do well together.

Affirmation for No: There is an appreciation I feel for New that is hard to explain. I appreciate her presence in my life and welcome the opportunity to be together and experience this magical compatibility that we share.

The Third Connection Between You

Connections beyond the first decrease in strength and significance. Therefore, the second will be the next in importance, the third connection next, etc. But each new connection is slightly less significant than the one before it. Keep this in mind as you read the meanings.

This connection is one that only works well in special situations. In general, it causes so much disharmony that two people cannot work or interact well together without conflict. Saturn has traditionally been known as the planet of hardship, coldness and difficulties of all kinds. And in fact there are some Saturn associations in which these qualities predominate. However, there are many Saturn relationships that have other qualities, and in these we see the more positive aspects of Saturn's influence. We cannot predict exactly how this relationship between No and New will be affected by this connection because that will depend upon how consciously they choose to apply the energy of this connection. It can be very constructive or it can be difficult and depressing. So, here we will define some of the qualities more specifically so that it can be understood fully.

In this relationship New has somehow chosen No to be her teacher. Though this may not have been a completely conscious choice, it is true just

The Third Connection Between You

New

No

the same. No, being New's Saturn Card, will experience a natural inclination to help New by making suggestions for improving her life, career, or situation. Just having No in her life is a reminder to New of things she needs to do in order to make her life better than it is. A Saturn person teaches us how to be more responsible, grown-up, practical, disciplined, conscientious and fair. They will help us to become more aware of how our words and actions affect those around us. These lessons can result in New becoming more successful in her work, especially if she has strong career aspirations or goals of things she wants to attain. On some level, No is a father figure to her and indeed he may remind New of her father in many ways.

Taken with a positive attitude, New may make great progress in her life by the presence of No. The closer this connection is to being the first connection in this relationship, the more important this association is for New in terms of what she needs to learn. The best possible attitude would be where New acknowledges No as her teacher or guide. Not that she needs to give up her own thoughts or beliefs to No, but just that there are probably things that she can learn from him. One thing that our Saturn Card person can always do for us is show us our mistakes, shortcomings and other faults. If we seek to perfect ourselves and improve ourselves, this awareness of theirs can be very helpful. But, if we are not seeking this sort of help, a Saturn person in our life can seem to be a problem, or worse.

The most positive Saturn relationships are those that help the partner achieve their dreams by aligning them with the hows and how-to's of success in the world. A Saturn associate can provide us with direction, understanding, coaching and wisdom - all of which can help us achieve our goals. The Saturn person can handle us. They can put us in our place, where other people may be unable to do so. Therefore we can develop a lot of trust and respect in them. And sometimes that is just what we need, someone to show us the boundaries and discipline us a little. If New is, or was, strongly attracted to work with No, then this is very likely the case.

Affirmation for No: I understand that I have the ability to see all of New's

faults and shortcomings and share suggestions with her compassionately and with the awareness that I have a powerful effect on her.

Affirmation for New: I realize that I chose this association with No to help me grow in important areas of my life. With that in mind, I accept his suggestions so that I may learn and make progress in becoming a successful and happy person.

Connections beyond the first decrease in strength and significance. Therefore, the second will be the next in importance, the third connection next, etc. But each new connection is slightly less significant than the one before it. Keep this in mind as you read the meanings.

This is one of the connections that benefits any kind of association. It promotes harmony, compatibility and often results in a friendship between the parties involved. Even if they do not become friends, they will usually behave kindly towards each other. This connection definitely improves the ease and grace in any working situation.

In particular, No will take a liking to New because she is No's Venus Card. In New, No will see a positive reflection of himself. He will find that they have a lot in common, similar values and an ease in communicating.

This is a very good connection for business because Venus is one of the rulers of money and prosperity. This Venus connection tells us that New will be helpful to No in achieving more financial good fortune. This is one aspect you would want to have in any business partnership but it benefits all business relationships as well.

It is very likely that New and No have a similar, if not the very same, set of values. This means that they give importance to similar things in life. They may have similar life goals or directions, or merely enjoy the same kinds of recreation and pastimes. This gives them a certain amount of enjoyment in just being together. Their having so much in common tends to create positive associations between them that will draw them together again and again.

The Fourth Connection Between You

New

No

Put all of this together and we can see that New and No have very good chances of success as business associates and will likely become friends. Unless other connections between them conflict heavily, this one connection alone can be a guarantee of high compatibility. To get the most out of this connection, New and No only need to remind themselves from time to time of all the good things they share and focus on those things.

Affirmation for New: I enjoy working with No, with whom I have so much in common, and enjoy being appreciated so much by him. I appreciate his influence in my life.

Affirmation for No: I appreciate all that New and I have in common. It is the many things that we share that make our working together so enjoyable. I express my gratitude for New's presence in my life.

The Fifth Connection Between You

New

No

No is the Mars Card to New
Location: Spiritual Spread

This is one of those 'instant recognition' connections where the parties sense that they know each other the first time they meet. This particular connection is that of the planet Mars, the God of lust and war. The undertone of this connection will be action, energy, competition, passion and aggressiveness. Martian energy is powerful and must be handled with awareness.

In particular, No is a strong stimulant to New. He will either excite her into action of some sort, make her angry, or both. Martian energy is power that must be managed and handled consciously if it is to create positive results in our lives. Therefore, New will have a great responsibility to channel this energy into positive activities. Some activities that are good for the positive expression of Martian energy are hiking, jogging, riding bicycles, or working

Connections beyond the first decrease in strength and significance. Therefore, the second will be the next in importance, the third connection next, etc. But each new connection is slightly less significant than the one before it. Keep this in mind as you read the meanings.

The Fifth Connection Between You

New

No

out. Working together in a business is one of the best activities of all. But because of the strength of Mars energy, there are certain things that both No and New should be aware of.

Mars energy can easily turn into competition, anger, blame, resentment and in extreme cases, abuse. This occurs when there is no positive outlet for the energy of this connection. By having common goals and lots of things to do, as part of the relationship, this tendency will be lessened greatly. It would always be better for these two if they are not directly competing with each other in work, or if that competition is of a healthy kind, such as a race to see who can make the most sales.

New, in this relationship, bears the greater responsibility for the success of this partnership. She is the one most affected by the Mars energy, the one who is receiving it. Thus, New will be the first to get angry or the first to misconstrue the actions or words of No as being harsh or competitive in nature. If New can be aware of this dynamic, she can stop any angry reactions and thus avoid conflict. New may not even be aware that he is doing something that is irritating to No. This is usually the case. This Martian energy is directional in this connection and the burden is on New. If other connections imply the opposite then there will be an equal burden of responsibility for angry outbursts or hostility.

In conclusion, this relationship provides a powerful stimulus for both partners, even though New may be affected a little more since she is the one receiving most of the Mars energy. If No and New take this energy and put it to work they can benefit from the constructive activities it inspires. They probably were attracted to each other because on some level they wanted to get their lives going in a positive direction. With so much energy at their disposal, there is much they can accomplish, as long as they keep it well-managed and directed.

Affirmation for No: I am aware of how much I stimulate New and understand her feelings. With this awareness I consciously guide my actions and help us both by encouraging positive outlets for this powerful energy we share.

The Fifth Connection Between You

New

No

Affirmation for New: I accept No as a powerful stimulus in my life and choose to take responsibility for my own emotional reactions to him. With his help, I am diffusing my own anger and channeling my energy into positive directions.

The Sixth Connection Between You

New

No

New is the Cosmic Reward Card to No
Location: Spiritual Spread

Connections beyond the first decrease in strength and significance. Therefore, the second will be the next in importance, the third connection next, etc. But each new connection is slightly less significant than the one before it. Keep this in mind as you read the meanings.

This is a good connection to have for any two people, one that gives them a sense of 'rightness' about spending time or working together. In particular, it enhances their compatibility in regards to their philosophical, spiritual, religious or moral ideals. This sort of compatibility can give them the feeling that their work together is helping to fulfil a higher or greater cause. Both can feel fortunate for this association in many ways. But No is more likely to feel that he is helped or blessed by being in association with New.

This connection acts as a sort of reward for hard work done in the past, though No may not remember when he did that work. But from his point of view, there is likely to be a lot of appreciation for the working relationship with New. Other connections between them could color or alter this perception. But even so, this one will add compatibility to them and increase the likelihood of their being able to work together harmoniously.

New will have a natural inclination to offer assistance to No. There will be a natural flow of support from her to No, a flow that is without any expectation of return. From No's point of view, New is likely to seem as a good friend or at the very least, someone who wants to help No to get ahead. It is most likely that No will feel appreciation for New's assistance. If this appreciation is expressed, it increases both the power of it and the likelihood that it will happen again and again. For No, this could seem like a pretty ideal situation to have with someone you work with.

What is also interesting is that even though it appears that New will be

The Sixth Connection Between You

New

No

doing most of the giving, she is not likely to feel that she is being taken advantage of, or that the association is unfair in any way. This is one case where the exchange can be truly unconditional. However, No's attitude could definitely enhance this situation and increase its benefits. Both parties will enjoy and benefit from it.

Affirmation for New: I am glad to be a supportive influence in No's life and hope that I can offer him things that will help him on his way. I only wish the best for him.

Affirmation for No: I am grateful for the presence of New in my life. I accept all the good things that she brings into my life and respond with appreciation and gratitude. In this way I multiply my blessings.

The Seventh Connection Between You

Connections beyond the first decrease in strength and significance. Therefore, the second will be the next in importance, the third connection next, etc. But each new connection is slightly less significant than the one before it. Keep this in mind as you read the meanings.

No is the Jupiter Card to New
Location: Life Spread

This is a wonderful connection that is often found among the cards of happy and productive business relationships. It is probably one of the best two people in business can have. But it helps all relationships. One of the main benefits of it is financial. Jupiter is known among astrologers as the 'great benefic'. It is the only planet in our solar system that gives off more electromagnetic energy than it receives from the Sun. It's location, in our natal astrological chart, always points to some area of our life where things come easily to us and where we have many things to be thankful for. In this relationship, New has much to be thankful for, thanks to No, because he is a Jupiter influence in New's life.

The benefits of this connection may take many forms but they are often of the financial nature. For this reason, this is an excellent connection for business partners. It would be especially good if there is another connection

The Seventh Connection Between You

New

No

between them where New is Jupiter to No, or if there exists a mutual Jupiter connection. But even one is a good auger of business success, unless other connections contradict it. Even though as a pair No and New may not be wealthy, No definitely enjoys giving things, including money, to New. This natural inclination to give is one of the signs of prosperity consciousness. Therefore, even if great prosperity does not exist between them now, it could lead to that in the future. This tendency towards financial success will be increased if New expresses and feels appreciation for No. Appreciation is one of the most important keys in obtaining prosperity. If New will allow the appreciation engendered by this connection to grow, and if she expresses this verbally, this relationship could bloom into a very fulfilling business relationship.

On other levels the Jupiter connection can bring blessings of many forms. There could be a sharing of philosophies and spiritual ideals. No may provide beneficial guidance and inspiration to New. Essentially he will have a natural desire to give whatever he has that New values. If New wants to see the blessings in this relationship grow, just remember to feel and express the appreciation, as was mentioned earlier.

This connection increases the overall compatibility between No and New regardless of what their exact roles are together. The fact that they have this connection points to some good karma for both of them, something that they earned by doing good deeds for others in the past. It is a sign of good fortune and if harnessed in the ways mentioned above and provide the prosperity that will ensure an abundant and happy connection.

Affirmation for No: I am glad to be a benefit in New's life and hope that I can give her all that I have to give. I allow myself to express my generosity in its fullest with no expectation that New must act in any particular way as payment for my giving. My giving is complete in and of itself.

Affirmation for New: I am grateful for the presence of No in my life. I accept all the good things that he brings into my life and respond with appreciation

and gratitude. In this way I multiply the benefits and enjoy this connection.

Connections beyond the first decrease in strength and significance. Therefore, the second will be the next in importance, the third connection next, etc. But each new connection is slightly less significant than the one before it. Keep this in mind as you read the meanings.

The Mars connection is one of the strongest in terms of how much it affects each of the partners. Mars is the God of War and Anger. It actually represents pure energy, but on an aggressive, passionate level. For this reason this is a great connection for people who actually do physical things together. Working partners often have this connection and it stimulates them both to achieve more and be productive. However, the negative side of Mars should also be considered as this connection can potentially cause anger and competition and in some cases make real enemies out of the two people involved.

In this relationship No is the one who is more affected by it. Because New is his Mars card, all this Mars energy is be experienced more by him. This can translate as New making No feel stimulated, aggressive, or angry and competitive. In its best form, the Mars connection will encourage the two to become active. And if they can actively pursue common goals, it can be very constructive and rewarding. The notion of common goals becomes very important in this case. If these two are in any way situated in a potentially competitive environment, the chances of them not getting along increase rapidly. There are some situations where this competition may be a good thing but usually the effects are not positively expressed and end up as fighting, arguing or subtle forms of aggression between them.

But No must bear the greatest responsibility for the stimulation of this connection and how it is manifested between them. The trouble with anger and

competition is that when we are experiencing it, we are completely convinced that the other person, in this case, New, is the cause of our problems. Rarely do angry people realize that the anger is their problem. But the truth is that it is their problem. So, according to this connection the way No handles the stimulation provided by New will determine what goes on and how this strong Mars energy is channeled.

No can use this information and consciously transform the often-negative effects of this Mars connection into positive directions. It is not that difficult to keep a Mars relationship healthy. It just requires some awareness and thoughtfulness. New can actually be a catalyst to get No out of his complacency and doing things. To give this powerful Mars energy something constructive to do, it is recommended that New and No do things together that are physical in some way, or at the very least, find something productive to do, some common goal to achieve, together with this energy. Some of the most successful business partners have a strong Mars connection. It helps, however, if there are not too many of them and if there are other high compatibility connections such as Jupiter, Moon and Venus.

This connection can provide a lot of the spark, fire, and magic in this relationship. If New and No use it with care, it can bring them much of what they want out of life. Any negative manifestations of this powerful energy can be controlled and eliminated through conscious awareness and when this is the case, it becomes like a genie in a bottle who can grant them all their wishes.

Affirmation for New: I am aware of how much I stimulate No and understand his feelings. With this awareness I consciously guide my actions and help us both by encouraging positive outlets for this powerful energy we share.

Affirmation for No: I accept New as a powerful stimulus in my life and choose to take responsibility for my own emotional reactions to her. With her help, I am diffusing my own anger and channeling my energy into positive directions.

This connection that is very constructive and helpful in any business relationship. It is also one of the 'instant recognition' aspects, which adds an element to the compatibility of No and New that is unique. They will feel some familiarity when they first meet and this will add some enjoyment to their working together. In astrology, Saturn governs the areas of career and reputation. It is also called the planet of bad karma. Saturn is usually associated with hardship, restriction, losses and difficulties of all kinds. However, a Spiritual Spread Saturn connection does not usually have the negative expressions of Saturn.

In this relationship New is the one receiving the Saturn influence from her. Normally, this would cause No to become very critical of New, constantly finding fault with what she is doing. But in this connection, from the Spiritual Spread, No is more likely to be an encouraging influence to New. No will probably not be critical in any way, except to offer advice if New asks for it. And that likely will be the case. In this relationship, New will probably see things in No that he wants to emulate or attain for herself. So, it could be very likely that she would ask No for advice or suggestions, or that their association would be such that No's giving these to New would happen on a regular basis, and without any resentment from New's side. Thus, this connection could be very helpful without the friction that occurs with Saturn connections in the Life Spread.

No may feel, on some level, an obligation to offer support and constructive advice to New. But he will not feel compelled to give it so much as to make himself available should New require it. Just No's presence in proximity to New will give her some inspiration to do a better job or to set higher goals in work related areas. No could become a role model for New without even trying, or without knowing it. Both parties will sense that there is something good, constructive, and 'right' about their working together. The last part is that indefinable element of this connection. There is something, on the

subconscious level, that makes both No and New feel as though they are supposed to be interacting in this capacity. This does not mean that they feel that they should be together forever by any means. But they probably feel that their working association is very appropriate and important, and for reasons that they just cannot put their fingers on. It just feels as though it was meant to be.

So, this connection will add a lot to their association, but particularly to New and her ability to make constructive changes that will enhance her success and reputation. Both will enjoy the exchange, however, so it really does benefit all concerned.

Affirmation for No: I understand that I have the ability to see ways of improving New's performance and overall success and I share suggestions with her with the awareness that I have a powerful effect on her. I am honored to be her role model and teacher at this time in her life.

Affirmation for New: I realize that I chose this relationship with No to help me grow in important areas of my life. With that in mind, I accept his suggestions and example so that I may learn and make progress in becoming a more successful and well-regarded business person.
